

HIGH STANDARD AVIATION

AMETEK MRO/High Standard Aviation is based in Miami, FL, and is best known as the “IDG Specialist” in the industry. This reputation was earned by our non-compromising commitment to quality and reliability.

AMETEK MRO/High Standard Aviation’s highly specialized and experienced technicians follow continuous education and training programs to stay on top of the latest developments in their field. In addition, our quality department developed a sophisticated tracking program that provides data and feedback on the reliability of every part number. Based upon those findings and through quality circles, processes are initiated to further improve reliability.

AMETEK MRO/High Standard Aviation’s core repair and overhaul capabilities include:

- IDG’s (Integrated Drive Generators)
- CSD’s (Constant Speed Drives)
- Generators, Starters and Fans
- Hydraulics (Hydraulic Pumps, Actuators, Valves & Modules)
- Pneumatics (Air Cycle Machines, Air Starters, Pneumatic Drive Actuators & Valves)
